Bringing data, insights and digital experiences to the ATP world tour

Bringing data, insights and digital experiences to the ATP world tour

Imagine a machine with a mind of its own- one that tells you the exact degree to bend for the perfect backhand. This future is being shaped with data-driven analytics, virtual reality and artificial intelligence. Infosys and ATP World Tour have partnered to explore these new rich digital experiences, so you can see the game you love, like never before.
